SCHOOL DIRECTORS ARE LOSING POWER

SAYS DR. FRED KELLER AT THE SCHOOL BOARD MEETING.

140 MEMBERS ATTEND

Rural Schools Should be Better Lighted Says Roy Lippman—L. C. Cook Speaks.

"We won't have a school any better than the directors of the board that is in charge," is the opinion of Dr. Fred Keller, of the educational department of the State Teachers' College, who spoke before the schol board convention this afternoon, which is having its annual meeting today. Dr. Keller spoke chiefly on the qualifications of the school board members and in his preparation for his talk made reference to thirty-one texts. He counted the number of board members present saying that there were 140 out of 280 who should have been there thus making the statement there are some board members in Nodaway County who are neglecting their duty.

The meeting which has been going on today is the only one of the year when the school directors can get together and exchange views and Dr. Keller said that the members represent thre great state of Missouri and should put into practice its laws as given to them. "It is the duty of the board members to back up the schools and see that they conform t othe regulations," Director Keller said.

Small school boards, experience has shown, have proven the best in the United States. The number of members on the board should be limited from five to seven and should be between the ages of 30 and 50. "In the past," the doctor said "women have not been a success on school boards, because they have not had the business experience, but later authorities think that here should be at least one woman on the board because she has the child sympathy."

He also said "that society women, retired business men and farmers are not successful schol board members. The best person to put on such directories are men that are successful in their line of business."

In finishing his talk Doctor Keller said that it is not wise to pay school board members. In regard to taxation he said that schol taxes have never pauperized anyone but that the money that is spent for schools should be spent wisely and it is up to the taxpayer t osee that it is done so.

The school board convention which opened this morning began at 10:00 by devotional exercises by the Dr. C. C. Jones. County superintendent, Leslie G. Somerville gave a good many hints to the members gathered and was followed by Miss Margaret Davison, county health nurse, who urged the board members to bring the school into closer co-operation with the County Health Department.

Mr. Somerville closed the morning session by asking some of the members present to give a few of their views and what their schools were doing in preparation for the coming school year.

The afternoon session began with a talk by Roy Lippman on "Changes in Classification of Rural Schools." He showed how the rural schools were advancing by requiring the teachers to have more education and a certificate. He gave fifteen points that weer required of a first class school, and second grade schools had ten requirements to pass.

L. C. Cook, president of the Maryville school board, gave the duty of the teacher and the duty of the school board.

Miss Theresa Riley was a week-end guest of Mr. and Mrs. Glen Guthrie, northwest of Maryville.

George Snyder of Arkoe was in Maryville yesterday.

Mrs. Ida James of Albany is visiting here today at the home of her sister, Mrs. E. H. Chick.

Mr. and Mrs. L. R. Pruitt and son, Paul, of Elmo and Mr. and Mrs. John Neilson and daughter of Guilford were among the out-of-town visitors in Maryville today.

Hodge Wallace and R. A. Brown and son of St. Joseph were visitors in Maryville yesterday.

Mr. and Mrs. S. K. Davidson of Stanberry spent Sunday in Maryville as guests of Mr. and Mrs. C. D. Allen.

A. Shackelford Files Suit in Circuit Court

Alfred Shackelford filed suit in circuit court late yesterday afternoon against William Stevens for the rent of pasture land for the year 1919. The plaintiff makes the charge that the defendant has refused to make all or any part of the payment of the rent of 32 acres, the southeast one-quarter, section 19, township 64, range 36, Nodaway County, at $6 an acre.

Mr. Shackelford is suing on four charges, the principal being $192 and the interest at 6 per cent for four years. The case will come up in the October term of circuit court.

STATE TITLE TO BE AT STAKE IN MATCH

MIDDLE-WEIGHT CHAMPION TO DEFEND TITLE MONDAY NIGHT

WOLFE VS BARACKMAN

Many Other Good Matches Scheduled for the Winter Months—Barackman to Represent Legion

Devotees of good clean wrestling will be glad to know that Maryville will stage a championship match at the State Teachers College gymnasium on next Monday night. The match is under the auspices of the local American Legion.

William H. Wolfe, middle-weight champion of Missouri will be here with the belt and the prediction that he will carry it home with him again. The most worthy opponent of Wolfe is Mervin Barackman, the favorite of the Maryville wrestling fans. Barackman has challenged the holder of the belt on numerous occasions and is confident that since the long sought for match has been arranged, he will relieve Wolfe of the belt, if it is within his powers to do so.

Barackman has many followers in the prediction to win the title and will be backed strongly in the match. The Sheridan star has not had the humiliation of having his shoulders pinned to the mat in two years and in a statement to the local legion post, Wolfe says, "I credit Barackman with being one of the best wrestlers in the world in his weight."

The possession of the state championship belt is enough recommendation as to the fitness of Billy Wolfe. He has held the belt for some time and is always ready to defend it against all comers within the weight limit.

Wolfe has never appeared here as a part of the wrestling program, but is a cousin to the Wolfe that won two matches at the College gym last winter.

There is an unusual crop of good middle-weight wrestlers this year and the local post of the American Legion has contracted with several foremost mat-men to appear within the next few months against the legion wrestler Barackman. Among them are Jack McGill, and "Young Americus". McGill was the contestant against Barackman on the Fourth of July celebration at the fair grounds. He toiled with his opponent over one hour and was then forced out by an injury to his hip.

Wrestling has reached a high plane in American sports and enjoys the privilege of not having any state legislation against it. It has the same rights as have tennis, basket ball and baseball and is accepted as one of the cleanest of sports.

It was significant that nearly half of those in attendance at one of the big matches in Maryville were women and this has been the universal rule wherever wrestling is well established.

It is the aim of the legion boys to keep the game in Maryville absolutely clean and thereby merit the patronage of the women in a greater extent than ever before.

The wrestling game in Maryville with such a headline opener as is scheduled Monday night will have a good start as a major sport for the winter months. There will also be a good preliminary bout scheduled between two local boys for Monday evening.

Motored to St. Joseph.

Lawrence Gault motored to St. Joseph Sunday and spent the day at the home of his nephew, Samuel Crowley, Jr. He was accompanied home by his laughter, Lorena Gault and nieces, Mary Sawyers and Eleanor Agnes Sawyers, who has been spending two weeks with relatives.

BRAILLE WORK TO BE DONE BY CLUB

NEW DEPARTMENT IN RED CROSS TO BE STARTED

FOR THE BLIND SOLDIERS

Tourist Department of the Twentieth Century Club is to Do the Work

A new department of the Red Cross chapter of Nodaway County is being established and is being sponsored by the tourist department of the Twentieth Century Club. The department will have charge of the making and transcribing into literature the Braille system of reading for the boys who were blinded in the late war.

Miss Betty Turner, secretary of the Red Cross, said this morning that materials have already been ordered and will be here soon. The work of the women of the tourist department of the Twentieth Century Club will be the study of the Braille system of reading that is used by blind persons. As soon as they become proficient in the work they will start writing out on slates literature which they shall choose and put it into the Braille system. These slates will then be sent to the U. S. Hospitals where the unfortunate soldiers are stationed and given to them for their use.

The work will commence at the first September meeting of the tourist department of the Twentieth Century Club. It is hoped that the women will like the work and Miss Turner is quite certain that a great deal of interest will be taken and that the movement will spread to other parts of Nodaway County.

Mrs. J. J. Heifner is chairman of the first class of the club that will do Braille work. The following is a list of the members of the first class:

Mrs. Harry Todd, Mrs. Blaine Archer, Mrs. J. H. Gray, Mrs. R. M. Barry, Mrs. C. E. Stilwell, Mrs. W. H. Campbell, Mrs. F. A Bush, Mrs C D. Belows, Mrs. Louella Landfather, Mrs. Elmer Fraser and Mrs. C. C. Hellmers.

Three Delegates to go to DeMolay Meeting

Raymond Barry, Wilson McMurry and I. E. Tulloch Will Represent Local Chapter at State Conclave.

Raymond Barry and Wilson McMurry, acting Master Counsellor and Scribe of the local DeMolay chapter left today for Springfield, where they will attend the annual state conclave of the DeMolay order. I. E. Tulloch, of the advisory council, has been spending a week in the Ozarks and will arrive in Springfield tomorrow morning to attend the meeting as another representative from the local chapter.

The meeting opens at Springfield tomorrow morning and will continue for three days. About 1,000 delegates are expected to attend the session this year.

On account of insufficient funds, the Maryville drill team will not make the trip to the annual conclave this year. New uniforms are badly needed for the team. Last year, the Maryville team placed second among teams from Illinois and Missouri. The Kansas City team won first honors by merely one point over the local delegation. The Maryville team lost five points on account of the uniforms.

Messages of general interest to all DeMolay orders will be delivered at the Springfield meeting.

The Maryville delegation will return some time Saturday.

A special train from Kansas City will take a number of delegates to Springfield.

19-Year-Old Mother Died of Accident

Kansas City, Aug. 28—Mrs. Violet Kasko, 19-year-old mother of two children, died in a hospital today after both legs and an arm had been shattered, ground beneath the wheels of a Union Pacific freight train.

Only recently she was released from the same hospital after a long period of confinement. Kasko, it is charged, desserted here more than a year ago. A brother in Granger, Wyo., had requested that she come to live with him until she had regained her health, and it was while trying to board a Union Pacific freight train t Granger that the fatal accident occurred.

School Board Elects 2 Substitute Teachers

At a meeting of the school board held late yesterday afternoon, Mrs. J. K. Sawyers, Jr., was elected as a substitute for Miss Hazel Perry in the high school. Miss Perry has been in ill health and will be unable to teach at the opening of the schools. Mrs. B. E. Condon, Jr., was selected as a substitute for Miss Ada Albert, who on account of ill health will be unable to teach when school opens.

Mrs. Sawyers taught in the high school until Christmas last year. She will be the instructor in Latin. Mrs. Condon has been a teacher in the public schools here.

Miss Albert, who has been an instructor in the schools here for forty-four years, will be unable to start on her forty-fifty year at the opening of the schools next Monday on account of ill health.

Mr. Riley was selected as janitor of the Franklin school, and Mr. Butler was appointed janitor for Garfield.

Bergdoll Says Buried Treasure Was His

Eberbach, Germany, Aug. 28—"I am certain that the gold discovered in the hills near Hagerstown, Md., is part of the money I buried there before leaving the United States," said Grover Cleveland Bergdoll, wealthy draft dodger today.

Washington, Aug. 28.—The Bergdoll gold unearthed near Hagerstown, will be claimed by the United States government which on May 27, 1921, seized all property of the Philadelphia draft evader, it was learned today at the alien property custodian's office.

Eight Men Buried as Embankment Caves in

Baltimore, Md., Aug. 28—Eight men were buried beneath hundreds of tons of dirt here this morning when an embankment near the evacuation for a new high school building caved in.

Five were rescued by firemen and police. Firemen and policemen worked with picks and shovels in an attempt to rescue three other workers believed to have been buried in the cave-in.

Charles Aley Broke His Left Arm in Fall

Charles Aley, the 10-year-old son of George Aley of 221 South Main street, jumped from a car and sustained a broken arm this morning. The boy was riding home from town and did not wait for the car to stop. He jumped and fell as he struck the pavement. Both bones in his left arm were broken.

Dr. Frank Wallis set the arm and reported that the boy was getting along nicely.

TO GROW WILLOWS NEAR WATER PLANT

TWENTIETH CENTURY CLUB SIGNS FIVE YEAR LEASE

TO FURNISH EMPLOYMENT

To Number of Persons—First Place in State Where this Work Has Been Started

The growing of willows on a commercial scale, for the purpose of basketry work, which will furnish employment to a number of persons in Maryville and Nodaway County, is to be inaugurated by the members of the Twentieth Century Club here.

The lease was signed yesterday afternoon. Harriet King, Urith Hull, Donna Eck and Beulah Stanfield, as trustees of the Twentieth Century Club, signed for that organization. Mayor W. O. Garrett signed for the City of Maryville. The lease is effective September 1 and is made for a term of five years. The consideration is $1 a year.

This is the first place in Missouri where this work is to be attempted and should it prove successful will undoubtedly be taken up by various counties in the state.

The Club has leased the waste land, west and north of the water plant, for experimental forestry work. There is about an acre in the plot. A number of willows, especially of the American green willow variety, will be planted here. This type makes a very good growth and the bark is especially suitable for weaving.

The members of the Twentieth Century Club here got the idea of community forestry work from an article in a recent number of American Forestry. The most notable example of a community forest is in Zurich, Switzerland, where the work has been very successful.

The Club hopes to develop forestry work along the One Hundred and Two river and by various experiments will determine what native trees are most suitable for Nodaway County.

Willows require no labor until after November. There is no reservoir for employment in Maryville and Nodaway County after this time. It is thought that a great deal of floating labor could be utilized in this work as well as furnishing employment to a number of needy persons in Maryville and the County.

The willow shoots are cut in November or the early part of December. They are then bundled and placed in shallow water. They are then peeled some time after February and the bark is spread on low frames. After the bark is dry, it is burdled for market and ready for the weaving of baskets. There is a ready market in St. Louis for all of this product.

The members of the Twentieth Century Club hope to establish a cottage industry for the employment of persons who are partially crippled. It is expected that quite a number of persons will be taught basket weaving.

A picture was taken of the Twentieth Century women signing the lease with the mayor, by F. R. Marcell. On the 1st of September the club plans to start the work of breaking up the ground and planting of the willow trees. A motion picture of this work will be taken by Mr. Marcell and entered in the new Nodaway County film.

All pupils will report to the grade which they attended last at 9:00 o'clock Monday morning. Promotion and adjustments will be made at that time. Those who are entering the Maryville Public Schools from other schools should present certificates of promotion or grade cards.

Children who will be six years of age on or before November 30, 1923, may enter school next Monday. Those who become six years of age between November 30, 1923, and March 15, 1924, may enter school at the beginning of the second semester.

There will be a faculty meeting at the high school building Saturday afternoon at 2:30 o'clock.

Fire Breaks Out in Basement of Capitol

But is Extinguished Before it Spreads to Other Parts of Buildings—No Estimate of Damage

Washington, Aug. 28—Fire of undetermined origin broke out in the basement of the United States Capitol building early today, but it was discovered and extinguished before it had spread into other parts of the building.

Hundreds of gallons of water were poured into the basement, and the flames were confined to a room in which was stored cord wood used in the fireplaces in the Senate office building.

There was no estimate of the damage.

Bandits Escape With 45 Barrels of Whisky

Worked From Midnight Until About 6 o'Clock this Morning—Loot is Valued at $150,000

Chicago, Aug. 28—Ten men held up three guards in the Waken and McLaughlin bonded warehouse here today and escaped with forty-five barrels of whisky valued at $150,000.

The bandits piloted two motor trucks into which they loaded their loot. Several cases of liquor also were taken.

The raiders pointed guns at two private watchmen and a government agent with the threat to kill them if they spread an alarm. They worked quietly and carefully from midnight until nearly 6 o'clock this morning.

GOOD PROGRESS IN COAL SETTLEMENT

GOVERNOR PINCHOT CONFERRING WITH BOTH FACTIONS TODAY.

STATES PLEDGE SUPPORT

To Federal Government in Providing Substitute Fuel—Sides Hold Executive Session.

Washington, Aug. 28 — President Coolidge has been advised good progress is being made by Governor Pinchot in his negotiations with the anthracite miners and operators in Harrisburg, it was announced officially at the White House today.

New York, Aug. 28—Representatives of the eleven anthracite consuming states in New England today agreed to co-operate with the Federal government for an emergency distribution of substitute fuels, if there is a strike in the anthracite coal fields September 1.

The conference between government officials and representatives of the states ended this afternoon with the adoption of a resolution pledging full support of any plan suggested by Francis R. Wadleigh, Federal fuel distributor. The government pledges full co-operation with state organizations not only in the actual locating and transporting of the substitute fuel but in a campaign to educate the public in its use.

Hazelton, Aug. 28—All members of the general scale company of the United Mine Workers have been asked to meet in Harrisburg tomorrow. They are expected to act on another proposition laid before them on the outcome of the conference of the miners and operators with Governor Pinchot, in order to avert a hard coal strike.

Harrisburg, Pa., Aug. 28—With both sides of the coal dispute before him, following an executive meeting with a committee of anthracite miners today, Governor Pinchot this afternoon planned to open negotiations between both sides in an effort to avert the threatened coal strike. The operators held a conference this morning, adjourning at noon.

Washington, Aug. 28—Believing that the hard coal controversy is proceeding towards a settlement and that nothing could be accomplished by laying the coal controversy before the cabinet, President Coolidge today called off the scheduled meeting with his official family.

This was taken as a further indication of the unshaken optimism of the administration that a walk-out will be averted September 1.

Fall Corsets

Various New Models

A correct corset will add to any costume. Corsets are again commanding the attention of the Well Dressed Woman.

"Be straight up and down if you would be smart," say the fashion dictates for fall. A first aid and a mighty one is a new corset. Radios or wrap-arounds are particularly adaptable to the youthful figure. They appeal because they are time-saving as well as comfortable. New laced models are ideal for more formal costumes. They give a firm graceful line for dressy clothes.

Back lace models, front lace and those in laceless effect. Both white and flesh color, plain and brocade.

Prices range from....$1.00 to $10.00

Brassieres and Bandeaux

The brassiere and bandeaux for corseting the upper part of the figure are very essential. Then, the corset-brassiere is still popular with the girls, especially those athletically inclined.

Exceptional collection of brassieres at .....50c to $3.50

Corset Brassieres at....$1.00 to $3.00

Be fitted to the proper corset and brassiere before selecting your new fall costume. Two graduate corsetieres are at your service here. It costs you nothing extra to have a fitting, then you are sure of the right model for your individual figure.

MISSOURI ASSOCIATION IMPRESSIONS AT THE MISSOURI STATE FAIR

"Houn' dog state, eh?" said Jim Cole of Kansas City, famous setter breeder. "Missouri initiated the Gladstone family of setters and the Rip Rap family of pointers, the foundation stock in bird dogs. Missouri has the finest Walker fox-hounds, Airedales and bloodhounds in the world. Maine's Sport, a famous Missouri Setter, won prizes on the field and bench and his blood is prized by setter breeders. Missouri has no rival save Tennessee in pure blooded dog aristocrats. "Houn' dog, eh?"

L. M. Monsees of Smithton is the pivot man in the great Missouri mule industry. Some of the mules shown at the fair of the Monsees strains were wonderful, particularly the big fellows bred from Percheron mares. The mule that won first prize at the Kentucky state fair was not in the money at this fair.

The swine shew was one of the banner exhibits of the week. The hog pavilion is the largest and most modern building on the fair grounds. The collection of Missouri hog aristocrats was magnificent. Stilts Sensation, the Duroc Jersey Champion is about eight feet long, four feet high and weighs nine hundred pounds at least.

The Bellows Shorthorn herd from Nodaway County and the Sni-a-bar and Columbia farm herds from Kansas City attracted much attention. Some of the great bulls shown cost from $15,000 up. They looked like flat-cars piled high with beef.

Alva Mann, Joe Bailey and John Potter, all of King City, as usual won practically all of the prizes for corn exhibits. The supremacy of Gentry County in corn is due largely to the efforts of Sam Jordan who preached good seed corn in Gentry County some 20 years ago. The farmers thought that Sam Jordan was insane when he paid $5 per bushel for corn seed but when he got an increased yield of 19 bushels per acre they began to take notice. Now, Gentry County seed corn goes to Egypt where corn was first cultivated.

The black and gold tent of the Missouri Association opposite the Missouri Building was the cynosure of all eyes and the mecca of all minds at the state fair. The tent, in charge of Geo. A. Pickens, secretary, was a most gorgeous affair, made especially for the Missouri Association. August 24 was official "Missouri Day" at the fair and Carl J. Baer of St. Louis was the principal speaker.

The busy bee in the apiary display was one of the great exhibits of the fair. The bee was much smaller than the bulls but a great deal more industrious. Secretary Pickens of the Missouri Association said "if all Missourians worked like the bees in that apiary they would choke in the golden flood of their own creation.

One of the attractive sights of the fair was that of the young farm women, in knickerbockers of the well known Picadilly cut, worn in swagger style, shampooing, marcelling and manicuring the great bulls and heifers of the Shorthorn, Hereford and Holstein herds. These young women went over the herd favorites with electric curling irons, brushes and combs, filed and polished hoof and horn, tied gay ribbons on the tails of the animals and used every known toilet article but the lip stick and eyebrow pencil, until the animals were oiled, curled and scented under the fair hands of their attendants.

Friday, August 24, was the great Missouri Association Day. Thousands listened intently when Governor A. M. Hyde introduced Carl J. Baer of St. Louis, who set forth the object of the Missouria Association. It was a great day for the new organization which will close its great campaign movement on October 18 when picnics will be held in every county in Missouri.

Paul Chavelier of Dresden, Mo., won the blue ribbon for cabbages and had a row of Chevalier cabbages around a Bellows farm Shorthorn. There were two tons of "Irish Turkey" in view.

Mr. and Mrs. Bert Hogan and little daughter, Catherine, who have been spending several days with Mr. Hogan's parents, Mr. and Mrs. Will Hogan, and other relatives, left today for their home in Columbia.

Mrs. W. J. Cross and little son, Billy, of Bixby, Okla., who have been visiting Mrs. Cross' mother, Mrs. Laura Biscoe, for several weeks, left this morning for their home. En route home they will visit relatives in St. Joseph and Camden Point.

H. L. Raines returned this morning from St. Louis where he had been attending a meeting of the State Board of Optometry.

F. A. Bush and children, Ruth and Stewart, will return tonight from Omaha, where they have been visiting Mr. Bush's nephew and niece, Robert and Bernice Shultz. Miss Bush has been visiting in Omaha since last Wednesday and her father adn brother joined her there Sunday.

Charles Airy of Formosa, Kan., left today for his home after a several days' visit at the home of his brother, John Airy, and family.

Mr. and Mrs. Ike Holt of Stanberry visited in Maryville Sunday at the home of Mr. and Mrs. George P. Sillers.

Power to Stop!

Buick Four-wheel Brakes

BUICK four-wheel brakes provide a factor of safety welcomed by every driver. No matter how careful he may be there are moments when the power to stop his car quickly and surely averts a serious accident.

Buick four-wheel brakes operate simply by light pressure on the foot pedal. There is no change in the method of operation over former Buick rear wheel brakes.

Buick rear brake construction has proved its dependability for many years. Identically the same principle, simple in its mechanism and effective in its braking control, now has been employed on the front wheels.

The adoption of four-wheel brakes by Buick on its 1924 cars is wholly in keeping with its policy of giving the owner everything that will increase his safety, comfort and satisfaction.

The 1924 Buick cars likewise are distinctive for their beauty, their increased power, ease of operation and comfort—giving features never before found on motor cars.

MRS. BUTLER'S ACHES AND PAINS

Vanished After Using Lydia E. Pinkham's Vegetable Compound

W. Philadelphia, Pa. — "When I cleaned house last April I must have overlifted, for after that I had pains and aches all the time and was so discouraged. I could hardly do my own housework, and I could not carry a basket of groceries from the store nor walk even four or five squares without getting terrible pains in my back and abdomen and lower limbs.

I went to visit a friend in Mt. Holly, N. J., and she said, 'Mrs. Butler, why don't you take Lydia E. Pinkham's Vegetable Compound?' My husband said that if it did her so much good for the same trouble, I should try it. So I have taken it and it is doing me good. Whenever I feel heavy or bad, it puts me right on my feet again. I am able to do my work with pleasure and am getting strong and stout. I still take the Vegetable Compound and Liver Pills, and am using Lydia E. Pinkham's Sanative Wash."—Mrs. CHARLES BUTLER, 1233 S. Hanson St., W. Phila., Pa.

A Problem for the Hog Raiser

If it takes 15 to 20 bushels of corn to make a hog weigh 200 lbs, at 7 months old, and if it only takes 10 lbs. of Mineral, costing 37½c, to keep mineral before him for 7 months, would it not be economizing to sell ½ bushel of his corn and keep our "Dollar Saver" Mineral Mixture before him at all times?

BECAUSE IT HELPS { to keep down worms. to balance the ration. to go to market quicker.

WOULD YOU NOT { have a healthier hog? get better gains? run less risk?

Not a "Cure All" but one of the greatest secrets of hog raising (just part of a balanced ration). The other part is: grass, tankage, oats, corn. Contains 10 minerals which a hog likes, and can be used as a stronger laxative by force feeding with other feeds.

Over 200 farmers are now using our Mineral Mixture and better than 95% of them have pronounced it good, and are calling for more.

When you shoot your hog, can you afford to deny him the Mineral part of his ration, when you can buy it at our prices?

Help us to keep our price within your reach by being your own salesman.

Traffic Violators Was Fined $100

The Kansas City Star yesterday had the following:

With a fine of $100, Ben Warren of Maryville, was the heaviest sufferer of the traffic violators appearing today before John M. Kennedy, acting judge in the South Side court. Warren was fined for a collision late Saturday when his Ford ran into a Hudson touring car driven by Mrs. Lola F. Gore, 4030 Bellefontaine avenue, on Fortieth street near Madison avenue. Testimony was that he was driving on the wrong side of the street.
